

The School of the Natural Order
RESONANCE
Winter 2020

Greetings! Offered to you are two separate lessons attached with this season's Resonance. One is an informal Christmas talk Vitvan addressed to the children living at the school in 1956. In his story, Vitvan gives detail to the deva line of development and correlates it with the Spirit of a Christmas 'Santa Claus'. The other is a lesson from *Understanding the Psychic Nature*, reminding us of the importance of the teaching's foundation work and to deepen our understanding of qualified monism, of which leads to the eventual emergence of the Power-to-be-conscious from domination of the influence of the Mother. Enjoy!

For those who may be interested, SNO continues to offer on-line classes via the Zoom communication platform. Currently there are three on-going classes being presented on weekly and bi-monthly schedules. These classes offer an extraordinary opportunity to listen to Vitvan speak, discuss course content, as well as dialog with dedicated fellow students on the path.

Year 2021 will resume our Monday night class, as well as the beginning of several new lesson series. For more information, please check out our SNO website at: www.sno.org. We would love to hear from you!

In loving memory of our friend and brother, Daniel P. Hathaway, we give thanks to the generous heart that roamed these Home Farm hills and devoted years in tireless service to the school by caring for the trees, the grounds, the frozen pipes, the leaky roofs...the spirit of this place. Wishing you a joyful winged flight.
