

The School of the Natural Order
RESONANCE
Winter 2023

The Lessons

Two lessons as given by Vitvan are offered to you. One is from *The Natural Order Process: Basic Teachings of the School of the Natural Order*, Vol. II. In this short and powerful lesson titled, *The Seed-Dharma*, Vitvan offers insight to the archetypal lines of force of the individual's field, the Arche. At the close of each cycle there is a focalization tendency, in the great and in the small, to the seed.

The second offering is from Vitvan's discourse on *Functional Activities*, titled *The Thinking Self: Rational Thinking-Part I*. This in-depth lesson touches upon the Hierarchy in Light's Regions, the Archetypal Gods, affirming that everything that appears in the configurational world is a representation of creative powers in Light's Regions. Vitvan poses to us a question..."So what constitutes growth and development into the consciousness of reality?"

SNO is pleased to again offer a grouping of talented presenters, classes, and activities for our Summer Seminar 2023! Each seminar is full of surprise insights and newfound friendships, with the potential for profound inner discovery. We would love for you to be a part of this unique experience! Please see the attached page for detailed information. Seminar updates will be sent out as more information comes in.

The SNO Trustees, Home Farm students and fellow long-distance students endeavor to support and contribute however they can to what is needed for the school to maintain occupancy here at Home Farm. One of the ways we are doing this is to have seasonal group meets here at the school; forming work parties for projects that need a team to complete. This Spring 2023, from April 24th through May 5th, we will come together to complete a list of projects in preparation for the upcoming Summer Seminar, along with other miscellaneous projects. Come for part or all of this 10-day timeframe. If intrigued, please reach out to Steve at: stevenander@yahoo.com.

May the Peace and the Power of the Infinite Spirit
Which passes all understanding
Hold us and keep us
In the Love of the Christed-consciousness
While we are seemingly separated
One from another.
