**The Lesson**

Easter Talk, 1952, "Understanding the Resurrection of the Race as a Whole." Vitvan speaks of "catching up with the pattern of the new cycle", the energy that has been and continues to be poured into the race psyche and how the overself, the oversoul segregates what can be utilized and what will disintegrate. He describes the benefit and opportunity available to experiencing "the great boon to living at the close of the cycle"....."the formation of a new people".

We are looking forward to the up-coming **2019 Summer Seminar** at The School of the Natural Order in Baker, Nevada. As mentioned in the last Resonance, this year's seminar is titled **What Works for Me - Applying the Teachings as Given by Vitvan**. Seminar will begin on Sunday July 28th and run through Saturday August 3rd.

This year's presenters will share with participants their individual experiences of integrating the teachings as given by Vitvan into *their* daily lives. The presenter list is currently being structured, and a notice will be sent once finalized.

Our SNO summer seminar week of diverse and informative classes, along with three nutritious meals a day and clean, comfortable lodging is offered at \$600 per person. We welcome you to come and participate.

The drawing for a free registration to an SNO summer seminar of choice is coming up in June. For those who have donated \$100 or more to the school, we are excited for you. (We'd love to see all of you, of course!) There is still time if you'd like to be enrolled in the drawing. Just visit our current website, go to the donations page and utilize the **on-line classes** tab to be eligible for this drawing.

In loving memory of our fellow student, friend, brother, teacher, father and all-around gentle-spirited good guy, Leo Weese.

We lift our Hearts up to meet the level of decent and kind life-expression Leo consistently showed to those with whom he came into contact. We Love you Leo. ♥♥♥
